

West Virginia Energy Summit

Kristine Telford

Executive Director, External Affairs

October 24, 2023

Bipartisan Infrastructure Law

\$5.05B

Expanding Access to Clean Energy & Energy Efficiency

\$16.5B

Grid Resilience & Improvements

\$6.7B

Maintaining Our Existing Clean Generation Fleet

\$21.5B

Clean Energy Demonstration & Research Hubs

\$43.4B

Broadband Development & Infrastructure

\$8.9B

Electric Vehicle Infrastructure

Adaptation, Hardening, & Resilience

- Smart investments in AHR allow electric companies, communities, and customers to operate through challenging conditions.
- In a higher-cost inflationary environment, it is critical that electric companies can continue to make needed investments today that will help them to deliver a resilient clean energy future tomorrow.
- While investments in AHR have increased significantly over the past decade, more investments are needed to meet the challenges of climate change and to enhance the overall reliability and resilience of the energy grid.
