H₂ Delivery

- The CFS Depot will provide the infrastructure and services required to own/operate H₂ trucks and equipment.
- The scope of the CFS Depot includes the purchase of H₂ trucks/equipment to serve the Hog Lick Quarry and 3rd party customers.
- The CFS Depot plans to purchase H₂ from other projects within ARCH2 that can produce H₂ at a lower cost due to scale.

CLEAN FUEL SERVICES LLC

The CFS Institute: Job Creation to Support the Hydrogen Economy

H₂ Technology, Equipment and Guidance from Vendors
